GEM LOW IRON TEMPERED GLASS table tops are *clearly* the best! Standard clear glass table tops have a greenish tint. This is due to the amount of iron used in manufacturing process. GEM LOW IRON TEMPERED GLASS table tops are made with less iron content resulting in a transparent nearly colorless appearance. Even GEM LOW IRON TEMPERED GLASS table tops have a very slight green tint. GEM LOW IRON TEMPERED GLASS table tops are the ultimate upgrade.

# THE REGENCY COLLECTION

# SPANGUARD GLASS PROTECTOR

## The Best Glass and Surface Protection Product

**SPANGUARD** is an individually packaged pre-moistened towelette that covers up to 30 sq ft and creates a nanotech-like protective seal. Provides superior water and stain resistance. Dramatically reduces the amount of maintenance needed to clean surfaces and offers scratch resistance as well.

**Glass & Surface Coating** Spanguard Glass & Surface Coating is #1 in Surface Protection. It is for all types of glass, porcelain, ceramic surfaces in bathrooms, kitchens & around the house. Spanguard protects surfaces against soil, grim, stains, rust, soap

scum & hard water minerals for less soiling & easier cleaning. Use it in the bathroom on glass showers & enclosures, sinks, tubs, toilets, wall tile, counters & mirrors. In the kitchen on sinks, counters, tile and appliances...even windows & patio doors around the house.

Spanguard forms a durable, "Invisible" protective coating that shields surfaces so you don't have to work as hard or use harsh chemicals or abrasives to clean. Spanguard makes cleaning easy, improves appearance and keeps surfaces sparkling!

Actual size 4" x 6"
